I can't believe it. I've been on a cloud dreaming of this mornings visit with Dr. Leibman. However the appointment isn't until tomorrow morning - I made a mistake in reading my appointment slip.

This was to be a day of glory. A day that a dream may begin to unfold. Today is the day the dear doctor was to have examined me in order to give his ok to start hormones. Today was the day I dreamed of all my life. Oh well - I've waited this long.

Oh God. The <sup>SPB</sup> anxiety of it all. The waiting.

How good it feels to have let go of my <sup>SPB</sup> ~~concern~~ (for the most part)

I'm ready today to go to Jim O'Brian's to dress up for my meeting tonight with the ~~Gate~~ Gateway Gender Alliance. It meets tonight at 7:30 at the Metropolitan Community Church, 150 Eureka St. SF.

Actually I'd love to dress up before I leave the house just to make the commitment

Body yearned to give, to yield, to open itself, the machine was wrong  
 Gender is not physical - but insubstantial, it is soul - how one feels.  
 Male + female are sex, masculine + feminine are gender  
 Gender is a reality  
 Sex is merely the adaptation to organic life of a fundamental polarity  
 which divides all human beings. Female sex is simply  
 is one of the things that have feminine gender.  
 Discovered, both men and women sometime instinctively  
 felt the femininity within me.  
 Observer's role - felt I belonged to no segment of humanity  
 independent person - proud sensation to know you are unique.  
 Man into Woman  
 Insisted that dilemma sprang from sources that neither couch  
 or drug could isolate, let alone remove. Insisted the  
 fantasy could be reality in itself.  
 Did not consider self a homosexual. Envied women their  
 clothes as the outward sign of their femininity.  
 Ate the body, to match the gender - to make a whole person  
 cannot alter gender to match sex  
 Not changing the truth of me, only discarding the falsity.

Sequence TO WHOM IT MAY CONCERN?

For me, a life-time has passed me by with me standing on the outside looking in, wanting to be a participant but not belonging to either team I believed I couldn't play.

Each time I tried to join I felt I didn't fit. I was different. I knew it - they knew it - but they didn't know understand how different.

Desperately I tried again and again and failed each time, falling further into the belief of what I knew was me.

I always knew who I was inside but the external world indicated I was wrong. Desperately I tried to be that which was expected of me and by which by the common rule appeared correct.

My life was divided into two worlds - external, what anyone could see, and internal, that which I felt.

Ever so carefully the two were balanced so that in my life I could love and be loved.

Staying in balance is an exhausting exercise, one which consumed me. For the act of <sup>trying to be</sup> being in balance means that truly I was not in harmony with myself.

At a very young age I dreamt of changing ~~the~~ <sup>my</sup> external world to match my internal <sup>being</sup> ~~world~~ <sup>self</sup> I couldn't get a hold on it and since it was, and is, the very essence of my heart and soul. To change that which is inside of me would be to totally destroy who I am and to in effect create a new person that ~~knows~~ <sup>knows</sup> knows.

To change the external me is to keep intact all that which is me and that I know: <sup>and none and is loved by others.</sup> I am the same person but in balance, without effort. I am free. I am relaxed. I am totally me. Exactly who I always was but that know body could see.

To be honest with myself is the first step and only step in being honest with you.

All my life I've felt vulnerable in human relations. Somehow I always came out last.

Meeting you changed all that. I thought.

I was so infatuated with you. I knew I found my heaven. And I must never let it go. I never wanted to be alone again.

When things would go wrong I did or said what ever was necessary to fit it. Even if I didn't like it. I've be constantly lying to both of us. Cheating both of us.

With my cock eyed optimism everything would heal itself. But it never did.

I loved you from the beginning - ~~I still do.~~

I loved what you thought of me. what you did for me.

You made me feel human. It was the first time in my life that I ~~felt~~ <sup>felt</sup> that good inside. Its the kind of feeling that no sane person would ever let go of.

I wanted and needed your approval. But too soon I lost my identity. With every breath I took ~~I needed~~

~~I~~ needed your ok. You didn't want <sup>it</sup> that way.

I'm sure. I was just always living a life thinking that if I didn't do the right thing I'd lose you.

~~So~~

So now I haven't lost you - I'm giving <sup>you</sup> up. In that sense I've lost you.

I've lost you because I like you just as you are and I like me but ~~we~~ <sup>we've</sup> can't exist together anymore. We both deserve to be happy and right now neither of us are happy

The ideal thing that would happen to us is if we could both learn to accept each other for what we are, not what we're always trying to be, and to be happy, and content with that.

In that area you are much better than me. You've always been the realist - I've been the dreamer -  
~~And to some extent it's been good~~

No wonder we can't agree on anything anymore  
(I constantly resist your sensible ways and you resist  
my crazy dreams)

I constantly want to do things my way and you want me to do it but more sensibly

Crisis, now I know what you said makes sense. A friend can be forever but a lover never. If thats my lot thats enough. Being your pal has given me more riches ~~that~~ than any other experience I've <sup>ever</sup> had. It makes the words come "I love you" but its not true. What I feel for you cant be put into words.

Crisis - I dont want to love you to possess you. You are to always have a free choice over your destiny. You give love - no one can take it. As your friend I feel a warmth I never <sup>before</sup> so fortunate to feel before.

My old idea of love failed - It wasnt anyones fault but my own. I was looking to possess, to own, to have, to know I had it. Because I felt that way I was constantly in fear of losing it. And I did!

SUBJECT Justification

Will I ever be loved again  
 Will I have self respect.  
 Will I lose the love of my children  
 Will it wip me forever  
 the hurt of leaving is greater than staying.  
 I ~~hope~~ to make love for both of us!  
 I already know what the results are.  
 I love being loved.  
 I have nothing to be depression.  
 I always feel judged.  
 I love to love  
 I don't want to be alone  
 I want to be free to enoldge in anything that lets me  
 see feel & touch the world.  
 I'm needed - no I'm not!  
 It wouldn't be fair to Gail - she'd have to work and  
 take care of the children.  
 I feel safe.  
 Gails a masochist, she punishes herself - she punishes us when she feels  
 bad or hurt. She put her children first, not herself or I  
 She dropped over relationships to have one with the children.  
 They always come first. She won't even buy sexy  
 underwear because its too expensive... she punishes herself  
 and me.

Why the pain  
day after day  
always the same

Why do they say  
oh! But you've got great potential.

Don't they know  
they've given up a chance  
to see a brighter day.  
It's always the same  
under or over  
but never qualified.

What does it take  
A magic ball?

When is it our turn  
tomorrow tomorrow?  
It's only a day away  
forever.

Oh the pain -  
day after day  
always the same.

I'm the best I can be  
and it isn't enough  
Why me? Why can't I be what they want  
I can only be me - it's all I've got  
I keep on trying and why not -  
It's all I've got

It's the best I can be  
It's got to be enough  
Fuck the bullshit!

World - here I am - me  
at last.

The pulse is strong,  
the beat is there  
my feet keep tapping  
The song is there

But where is the music  
The words have come  
and gone

My heart is empty where it  
was once full.  
what went wrong?

All I want is to be me.

Here I am  
standing tall  
waiting.

The pulse is strong  
the beat is there  
my feet keep tapping  
I'm almost there.

Don't they know

under or over  
but never qualified.

What does it take  
A major ball?

When is it our turn  
Tomorrows tomorrow?  
It's only a day away

Oh the pain -  
day after day  
always the same.

I'm the best I can be

It seems natural. I feel no love for the way I appear, so can I truly express myself - emotionally. I am jealous of most w, those who enjoy their g. I want to be close and touching. I want to be touched. Very few m have & I normally never think about m except to stimulate myself when I want to be used, yielding, as a w. But I have never had a fixator on a m person althow I have been impressed by several as handsome and wonderful what it would be like to be loved them - with me giving myself as a true w. If I could really do that I think, would be in heaven. Right now only women am I willing to relate to because its "normal" and I am accepted - but I always fantasize that we change places. That excited me most. That's where I really am. And I've never told anyone - its my deepest dark secret - and its messing up my life. I need to either suppress it to satisfaction, be able to accept it as is or make a change.

1. I don't believe it can be suppressed.
2. My environment won't allow me to be half-way and allow me to function as I truly desire.
3. A change would satisfy all my inner self needs and strip me of some that I enjoy now. It would only enhance my personal self not destroy.

It would affect current relationships to varying degrees and maybe cause loss - is it worth it. I could love male - I would be me, happy - sensitive and expressive and acceptal the way I think I really am.

Moraga home - swimsuit / Hofman vacation - swimsuit

Non competitive - outsider - didn't belong - observer / Comfortable relaxed with opposite, stern - nervous, looking for approval with my own kind. Constantly trying to avoid of trying to be what I'm expected to be. Becoming more and more aware that I'm not. Question if I can exist with the conflict and still find fulfillment or if a change is what must be done. Could never promise to give up the thoughts - it always comes back. Love the beauty and softness of he and its gender.

The hardness and strength which I have and use is ~~not~~ useful but not required. It comes easy ~~but~~ and helps substantiate my appearance ~~but~~ and does feel natural but also I feel a great inner need, a conflict <sup>to be</sup> gentler, softer. I know that I am unique and that is me and I can continue as is but with continued conflict - constantly growing - constantly feeling more trapped the way I am. I have always wanted to be the other.

Afraid to expose self. Can't find a way to be accepted the way I want to be that I can live with. I love close up beauty of things want to capture them photographically - maybe write about it. It being creative using a technical tool. Can I discard the false me to expose the real me and share with the world my ability to see the loveliness of our world. I do love the inner me.

In one - told I was supposed to be a girl - name was to be  
Suzie - I felt inside that indeed I was an I got embarrassed  
I was a boy - I had a boys body - but inside I felt different.  
My dad was very close with me and I could be free with my  
affections. I often felt he sensed my inner femininity but never  
said anything to outwardly acknowledge it. Rather he seemed to  
protect me. I know I was loved dearly by him. With him  
I felt free and uninhibited as a young child to expose the beauty  
of the world around me.

I do have normal male desires too that's my conundrum. But I have no  
feeling of loss if I were to give them up. Maybe if it were after the fact but  
not now. Without hesitation I would change. The love of satisfaction  
would be replaced with the feeling of oneness of myself - feeling the truth of  
me as it exposes itself to the world.

9-7 Last night was the end and a beginning. The mirror was in front of me offering no escape. I couldn't lie any more and yet I could hardly express the truth either. My tears and outbursts of cries of agony betrayed me. I couldn't hide any more. And as it was happening I didn't want to hide any more. It was out. I was truly free from it. The darkest corner of my mind had just faced the light and at first it hurt but soon my mind got used to the light and I could see.

What I saw was the truth. I want to live my life as a woman.

I want the outside of me to match the hidden inside of me.

Except that means <sup>refinishing</sup> ~~renewing~~ the outside so the inside can be acceptably used.

To do any of this I must and am willing to pay an exceedingly heavy price. I must give up a relationship of seventeen years with my Gail. I must give up my second set of parents who although may not love me as deeply as my own non the less have always been there and supportive for me. Something my own parents are unable to do. And worst of all I lose my children, Mark and Shelly.

9/8 Today I feel somewhat a new person and somewhat terrified. I realize by being honest so late in the game that I have to give up the game and throw in all the chips I earned.

But if I can finally live my life in ~~the~~ truth I should be much happier despite the lack of my former possessions.

Funny - As I walked up the street to Pacific Telephone I looked at all the people with new eyes. I know what see now. All the beautiful women I see I envy. Its not just. The men I dont see. And I dont belong to either group. Maybe I never will. Of course I want but Ill feel better.

Well I took the test at PTT. I flunked. They are happy to have me try again in six months.

I called Allen Ferris at BTB. His job offer didnt arrive in the mail as promised so I called. — Offer retracted. Not looking for anyone for the next 3-4 months and then only a sales person. But hell call me if he needs me. Ha!

This is a great day.

To top it off - Admark is not going to pay the extra \$100 I felt they owed me for the Raiko sale. I need one more sale to qualify.

9/8 Mrs Williams at Peninsula Hospital talked to Gail and I -  
She can't start to help us until I have income. What a

I must admit, the world seemed different today. Ahead in  
the morning. I felt myself prance along from the garage  
to the Phone Company. No one could tell but I felt it.

How strange it is to be writing all this.

Mrs William (above) now knows what I truly desire as does  
Gail. I want to live my life as a woman. She insists  
that I discuss it with Dr. Ehlenberger, I will tomorrow

#### SUBJECT

9/10 Last night was hell. I cried so much my hands and arms went numb and then I doubled over with cramps. I hyperventilated. With a brown bag over my nose and mouth Gail got me to calm down.

The thought of loss of all I hold dear is unbearable. How can I do this? So seemingly voluntary? How can my quest be more valuable than ~~that~~ <sup>the</sup> priceless family I have? It only makes sense to me but its still not easy. I just dont see a ~~good~~ choice any more.

9/10 10:00:00

I called Criss. She wants to see me. She wants to spend the day together and talk, and drink. She wants to lay in the sun. That scares me now that I've shaved - There's not male hair ~~any place~~. In fact if we ever took off all my clothes she'd find only a small triangular patch of carefully trimmed pubic hair. Not exactly very manly. In fact by shaving as I have I have created a reason for not being able to return home - at least until it grows back. And if I keep shaving as I'm inclined to do - it may well. What ~~is~~ joy it has been to wear feminine clothes. I must get the courage to go shopping for myself.

Criss is someone very special to me. I have declared that I love her. I do. She is my idea of a woman personified. She is perfect. She has a sense of full conscience that makes her totally honest in her feelings. She lives life with gusto. I admire that in her. She's not afraid to experience.

in need

9/15 I did it. I'm free - sort of. The process of leaving is not over yet. I can tell. And it's extremely painful. Hurting the ones I love so dearly is more than I can bear. I've fallen apart at least 10 times. I've found tears and sorrow & didn't know I had. Yesterday I saw Mark Rosenblum and Steve Raitke. I told Mark everything. I told Steve everything. I believe Mark will remain a friend. Then I saw the Bernards. Good that was hard.

Their concern is for the children and Gail first and me last - but I am included - and they do want to help.

Finally I went to Barry's and Carrens. Just a little more crying and it seems over right now. This morning I finally shaved my legs and stomach. I left the chest hair but tonight it comes off too. It's really wonderful to see myself without the hair.

9/17 Time has passed and I'm confused. - , oh, I did finally shave - I can see I still look like a man but I feel better.

↓ wonder if I pretend. Am I so creative and am so  
of experience that I seek this experience not from inner desire  
but from ~~inner~~ curiosity? How lovely it would be to be.  
To Be or not to Be - That is the question.

9-11 The impossible happened last night. A dream came true. Both Barry and Carmen are both willing to accept me as a sister. In fact Carmen thinks it will be fun and is actually looking forward to it. Can I believe it? They want to fix up the room down stairs for me. It won't be fancy but it does have the panio - lucky me. I sense that Carmen will serve as a willing and loving model. She will be my girlfriend with whom I will find my way. And I thought this could only happen in books. I will be able to take care of the house, paint, wallpaper, clean, cook - maybe even the wash. Maybe Carmen sees me taking a distasteful load from her? - I don't really care - she loves me. I can hardly wait to go shopping with her so she can help me buy my own pretty underwear that will belong to me - not Gail

Life is all we have, and just once.

My life with all its ups and downs

The pain I feel is the price I must pay

At moments all too often, the price is  
too high. I'd rather die.

Going back? Do I dare even mention  
it? Yes I wish I could go back

I once felt - but never as my

The room talks all around me. I'm surrounded with the sound  
of voices that don't see me or care. In the crowd I'm still  
alone, ~~not~~ in silence, non-existent, unimportant. Where  
is my love?

Oh Sue, how wonderfully you fill the void. With you I'm  
not alone in silence. I care. I matter.

Where has ~~all~~ the love gone?

What is it I want and need so desperately?  
A flood of feelings, flowing from the center  
of all my energy.  
Power, strength - sheer energy - all good, bad,  
indefinite - without judgment an enormous  
moment, explosion of life energies.

I am nothing more than a piece of this  
wall. A cosmic energy in a form known  
only here on earth as woman. But what  
I really am is energy seeking a path to flow.

Well it's Saturday and is very well. I've had a wonderful evening of companionship with Karen. Many fantasies were fulfilled.

First we meet at her home where she greeted me in a most seductive green dress that made my already high desire for her soar.

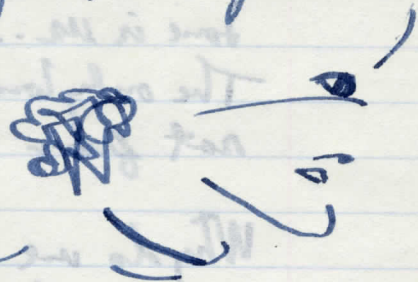

Then we left for the play "Dykes on Parade" riding on her motorcycle. It was really HOT!

The play was fun but certainly not well done. Maybe I'm spoiled by bright commercial plays on Broadway

Love - never gone - in another state - waiting - waiting  
for fate

Love never gone  
in another form  
waiting,  
Waiting for fate

Love is us  
~~Love is us~~  
Feel us

Love,  
Love is never lost  
Just misplaced

Love is ours,  
Always within us

When someone loves us  
Whats inside comes alive

When someone leaves us  
It goes inside to hide

Love is not lost

~~It takes~~

If we can love Nature  
and feel her love for us  
and yet she is just  
a symbol that

~~Love~~

Love .....

Love is us .....

The only love we'll ever feel comes from inside us  
not from without

Why do we wait for the outside to let us  
feel what is inside?

Why do we wait for permission?

Love is always there

Why do we make it wait

Why do we save it

Love is endless

it will last forever

it must be energy itself

It all began such a long time ago. Before I could even remember  
to remember. And in a flash it was over and I had swept away, traveling  
to the future, living the now. The past is over and gone. Thank God!  
The Now is continuous movement traveling through the great time  
machine called the instant of Now. It works like this.  
Here it comes, then it is, off- too late & gone, at least if  
you're not quick enough.

Life is a continuous learning experience. Every thing we ex-  
perience affects a future perception of the coming Now  
that hasn't even got to yet.

The Past is ~~gone~~ not more than Now out of reach. All we can  
see of it is its reflection with ever growing ripples  
distorting our image until its images are unclear.

Dearest Dad,

For all the love  
for all the caring  
for all the wanting  
of my happiness  
Thank you.

---

There are no prearranged notes to express my joy in having you as my father.

Through the years, we, together, have enjoyed a special if not unusual closeness. I have loved and admired you a life time and have always wanted you to be proud of me. Never have I ever wanted to hurt you. Rather I have gladly desired myself to please you. Today

I love you ever more.

Today I can be completely honest with you and the world.  
I love you - thank you for my life - happy fathers day.

Love  
Veronica

Dearest Gail,

~~This is a very special day, for all of us. But today instead of joy it is filled with the pain of memories.~~

This is a very special day, for all of us. Today can be filled with joy if we allow ourselves to remember the good times and treasure them. I do.

The pain we all must feel is because, perhaps, our inability to clearly see into the future and to be sure it will be better than today. ~~Live one day at a time, to the fullest.~~

My life with you has been filled with countless joys. Never have I been loved ~~so~~ so completely by anyone. While my heart is broken with the loss of an intimate relationship I revel in knowing I have been truly loved.

Our children are the fruit of our love - a love that will live on <sup>on</sup> ~~and~~ Our children will be a joyful reminder of that love.

People ~~ask me~~ tell me how hard it must be for all of us and how I probably wish I never married or had ~~the~~ children. For some moments it seemed easy to agree - but I don't. I cherish you. I cherish ~~the children~~ Mark and Shelly.

Maybe I can't live as the parent we dreamed of but nothing will stop my love and nothing will keep me from striving to be supportive for all of you. I will never turn my back on you.

Times are hard now but they will get better and I look forward to knowing that despite all the changes that all of you are happy and loved.

you Ron

## MAN AND HIS GOLD, A SERIES

# Gold on the body: the ancient urge that became a tradition.

Gold Jewelry by M & J Savitt

A woman emerges from her bath, towels herself dry and begins her dressing ritual. In the next few minutes she reaches for a golden object—a necklace, a bracelet or a ring—and places it on her body.

It is a simple, unceremonious act yet in one aspect it is utterly remarkable, for it is an act both as ancient as recorded history and as modern as tomorrow. The wearing of gold on the body, beginning as it must have, as a primitive urge, has not only accompanied man through much of his evolution, it may even be his oldest surviving tradition.

One would think that a behavior

so universal would have a universally accepted explanation, but this does not exist. The famous psychiatrists Freud and Jung disagreed. Others, too, have studied the phenomenon and the theories range from the almost incomprehensibly profound to the almost ludicrously superficial. More serious suppositions have included sexual enhancement, social or tribal status, an inner quest for immortality, self-deception, self-esteem, superstition, religion and, as in the case of Freud, a carnal hypothesis. What is generally agreed to at this point is only that gold's attraction is deeply psy-

chological and that it has touched both male and female and in every culture that has ever known the metal.

But it is a world unseeking of theories that has dedicated itself to gold adornment and today it does so on an extraordinary scale. In 1977, it swallowed up almost two-thirds of that year's new gold supply. It also helped support industries of considerable proportions—mining, refining, manufacturing—all the way down to hundreds of thousands of retailers, over 30,000 in the U.S. alone.

It should be noted that although much of the world wears gold, it wears it in different shades—some Europeans, for example, prefer slightly redder golds while in America the choice is often yellower. Karatage, or degree of real gold content, varies, too, from country to country in a variety too extensive to list here.

It seems worth adding, however, that much jewelry manufactured everywhere in the world today uses classic techniques that date back centuries, and the gold ring you wear was probably formed using a "lost wax" method known at least 4,000 years.

Gold, of course, is not the only viable ornamentation for the body. But it is the *only* material known to man that contains in combination the four characteristics of lustrous beauty, virtual indestructibility, extreme rarity, and ease of workability. And somehow this seems to be the magic combination that satisfies the inner calling of the human psyche more than anything else.

*This advertisement is part of a series produced in the interest of a wider knowledge of man's most precious metal. For more information write to: The Gold Information Center, Department T88, P.O. Box 1269, FDR Station, New York, N.Y. 10022*

Dear Georgie,

How foolish I have been. How blind. How insensitive.

My fight for my life has consumed me to the point of total selfishness. And this I fear is what you feel.

Each moment with you was a bright explorative moment that expanded my world and my ability to accept things as they are rather than trying to change them.

Why oh why have I been excluded from your life, a life that brought me nothing but happiness.

I wanted nothing but your love. You gave me much more. And I didn't know how to receive it. You give so freely and I ~~had~~ lived with such scarcity. Forgive me, please.

If there were a way to rekindle that which was good and to grow past my mistakes I would be pleased.

Often I fall in love with people from a <sup>extremely</sup> distance. But with you I fall in love internally. You were my love. I never owned you. I never held a leash. You were free but you were my love. I wanted no other.

~~You I have a hard time with~~

While I don't agree with ~~what~~ everything you do I accept it as your right to continue to do it. I have a hard time dealing with the contradictions in your life style. On one hand it seems to be totally free, open, and honest, caring greatly about the welfare of others

Giving ~~to~~ in an incredibly generous way making personal sacrifices <sup>effortlessly and</sup> ~~effortlessly and~~ <sup>painlessly.</sup> And then the contrast: ~~of~~ Your business. A business that on the surface brings joy and happiness but underneath brings <sup>helps bring</sup> ~~destructive~~ to those not strong enough to handle it.

Strange I'm not so concerned with your customers but rather the death hold grips the business has on you. You who is so free...??

I can only speak for myself..... I love you unconditionally. Whether ~~that~~ we can ever be together again even for just a moment is a question I can't answer. I only know being with you was the most honest experience of my life. Yes I probably got possessive at the end and maybe numb from your generosity. Remember please how often

7.2.87

Why do I feel like I'm dying? Why do I feel so self-destructive? Don't I like myself as I claim I do? Why do some people believe in me so much? Why don't I have the strength to do what I know needs doing? Why don't I handle things instead of letting things handle me? Am I waiting for a miracle?

My life has been one of constant survival. Constantly fighting for a reason to exist, a reason to be, and <sup>ready sense if I</sup> ~~can~~ believe in myself. And yet knowing confidently that know one else knows me better I live in my world which exists in spurs. I cope by ignorance. Isolated and surrounded by walls I've built so high.

Do I seem to love so freely yet without feeling without connecting? Am I more alone than I seem? Is everything in my head? Nothing exists except thought which runs through my head.

Is the love I've felt, pain and hurt all my own creations? Then why to flower bloom?

Life is for living  
Life is for us  
Life is for now  
Life is for loving,  
caring and joy.  
What do I seek?  
Where can I find it?  
Living is for now.  
Yesterdays are gone  
Tomorrows are ever coming  
Today is now  
Love it that which we are  
now.

Tomorrows are dreams  
Today's are now - live

Dying is giving up  
Death is rest  
Yesterdays are gone  
Tomorrows will come.  
When is my love,  
Where is my life,  
Can I be just me?

<sup>Children,</sup>  
To my dearest Mark & Shelly

Today is fathers day. A very special day. ~~instead~~  
And today it seem 2 bit sad because I cannot be  
be with you.

To my Mark and Shelly

Today is a very special day for me. It is a day I stop  
to think about how lucky I am. How very lucky, for I have  
something that is absolutely priceless. The both of you. ~~3~~

~~From your beginning til now I have~~ <sup>day</sup> the time you  
were both born until I left home we have shared a lot of  
love together. But just because I can't be with you ~~does not~~ does not  
mean that I have really left you. For in spirit and in love  
I am with you each and every day. Each and every hour.  
Even when you sleep.

When I can't be with you to hold you, to love you, ~~and~~ to  
play with you, to share your <sup>troubles</sup> ~~troubles~~ and to share your joys,  
I really am and always will be. I am there in heart and spirit.

I hope that instead of thinking of the past and being  
sad that you will try to reflect on the past and be glad.  
~~Today and all the tomorrows that became today must be~~  
lived. The yesterdays are gone forever, today is now and for  
living, tomorrows are just waiting to be Today. ~~3~~

I love both of you so very much I have no intention  
of losing you or to stop caring. Ever.

Mr. Ronald Stocum

Dear Mr. Miller,

Truly I was shocked and frightened upon receipt of your letter that falsely accused me of slandering your client, Mr. Ronald Stocum. Also I was shocked to see my former name at the top of the letter.

Any statements made, if indeed were made, would only have reflected the truth. Never would I defame Mr. Stocum under any circumstances as he terrifies me with <sup>what</sup> seems to be totally irradic, unpredicable, and often violent behavior.

While at this time I will not disclose to you details of an arrangements I can assure you and any court that I owe Mr. Stocum nothing and that he owes me much more than I originally claimed and am quite wily to go to court if Mr. Stocum pursue this irradical action.

In my opinion the way in which he engages people for employment as brokers rather than employees would greatly interest the Department of Labor.

I am also quite certain that the agency of child abuse would also be quite interested

in the environment which in my opinion is disabling  
than child Custody.

In addition I am concerned with Mr. Jockims  
disclosing my past identity to any one he pleases  
in order to embarrass me. After all Dr. Jockims  
doesn't want anyone to know he was once Wanda  
Shoens and more than I want people to know  
I was Ronald. It is my suggestion that you  
inform him to stop or I will be forced to take  
legal action.

Just for your own personal information I have  
never met any of Mr. Jockims friends ~~or employees~~  
~~or~~ Also I have never met any employees since  
he has never had any while I was there, day brothers.  
But yes he does have clients ~~and~~ I wish you a  
lot of luck finding one where I ~~had~~ ~~rather~~ ~~him~~  
~~to~~ ~~in~~ ~~to~~ ~~much~~ ~~about~~ ~~that~~ defamed him.

Frankly

Like all good things it had had a heavy price,  
~~both in terms of toil and money~~

Dear Ann

It's been a long time since I've been held by a woman, thank you.

~~Not for a moment did I suspect that~~  
~~Feeling~~ your warmth and compassion enter my body

6.30.81  
Feeling your love, warmth and compassion enter my body was a wonderful reminder that I am <sup>indeed</sup> alive, feeling, and glad to be who I am, me.

From the bottom of my heart, thank you.

Love,  
Veronica
