Dear Roni

How do you thank someone for making a week as wonderful as this last one has been. I had almost forgotten what it was like to be treated like a living breathing human being.

I want you to understand that I'm not just referring to our shall we say, physical relationship.

Though I must admit it's been <sup>really</sup> ~~pretty~~ great getting to know you better. I sense another ingredient a caring in our contact both physical and emotional. I feel good about us and I think were both adult enough to handle our relationship with sensitivity and sense.

Yes Roni, I do feel at this point that we are developing a relationship.

A unique one, yes. Wild and crazy yes. But a nice comfortable one

where we can both hear each other.

You seemed kind of surprised when I got you the little present yesterday. As you learn to know me you'll realize that making other people happy is one of the main things that make me happy.

I'm really glad for example that I got you your first flowers.

I want you to know that regardless I'll always be your friend and I want to be able to be there when and if you need me.

By the same token I know that you will be there if I ever need you (

You're a very considerate person Roni, I enjoy having you in my space, you don't clutter it or make it uncomfortable for me.

For all the little and big things  
you do to mellow me and keep me  
happy - Thank you

For being concerned about me and  
my welfare, health & comfort Thank you

For being you and allowing me to  
share a little bit of a very important  
time of your life - Thank you

For not being influenced by  
untruths and taking the time  
to find out for yourself who  
I am and where I'm coming from  
Thank you

My heart is full - Thou Swell

You've come a long way

I have lots & lots of  
confidence in you.

Baby-

This was in the  
Mail Box today.

Am I reacting too  
violently to their  
absence of consideration  
of my privacy?

Do we have to be  
jeopardized in order  
to give support?

Late 7 Aug

I've just crawled out  
of bed with you

Why have I left??

Because each of  
our needs say stay  
but they also ~~say~~  
say go.

You are exhausted from  
your day but you  
find it hard to  
relinquish the closeness  
of my being to you

We have both been  
asleep but cannot stand  
the movement away  
from our side

We again have reached  
a different kind of closeness  
to unite

Another feeling that  
cannot be duplicated  
Will they ever cease  
to happen??

I left our bed why?  
Not because I  
wanted to

But as I sit here writing  
I feel the molecule of  
you still touching my skin  
I still feel all warm  
from your contact

I'm yours to come I'm  
sure that when I really  
need to I will feel you  
as tangibly as if you  
were really there.

There you had and clear  
when you wish me love  
from other sources and  
I will seek that love  
because of the permanence  
I need for my own wellbeing

But because in order  
for either of us to have  
rest one must go  
I made that choice  
your growing developing  
body is now mine for  
how long who knows  
but right now it is  
mine

I cherish every moment  
When I remove myself  
from surrounding you  
yes - I feel a loss

Without going into  
Details why don't  
you tell her about

This guy you know  
and his family adjustments  
Relationships with people  
etc.

Hi:

Just talked to Dr Lamb's  
nurse. I'm to stay in bed  
for 2 days and keep O<sub>2</sub> sat  
elevated. I asked if she  
recommended a Skyhook and  
some string she thought that  
rather funny. Lots of luck  
staying in bed for 2 days  
can't. So alternative to  
that is stay off my feet  
as much as possible, could  
burst open. If you think I  
was scared yesterday I'm  
frantic today but life will  
go on I guess. Oh God  
help me.  
Even though you're not here

I dont know what I'd do  
without out you.

Why me lord, what else  
what else ????

I've never needed anyone as  
much as I need you right now  
If i fix one thing another thing  
breaks How long is the test?  
Will I pass or fail? I dont  
know anymore.

All I know is that I  
thank God for you and I  
love you. I only wish  
I deserved and was good  
enough for you

But nothing will  
ever take the place of  
over time together of  
the love we have shared  
and will continue to  
share.

I cannot give all that  
you need to you

You cannot give all  
that I need to me

But what we have  
exceeds ~~sublimity~~ sublimity

I love you I love you

I cannot not love you

2 months and one day ago  
you came here to share my  
little house with me. on Aug  
1<sup>st</sup> you came here and I was  
able to provide you with something  
you needed. A phone-for-contacts  
for a job - a real job as Veronica  
Veronica - a very important person  
A very new person but one that  
I felt should be. We had had  
a brief exploration into feelings  
and had both decided that  
there would be no relationship  
not sexual definitely. Friends  
yes. But how good???

You and I both saw things  
in each other that we had  
not planned to see.

I shouldn't dwell on your eyes but I had seen them in January - on the 20th to be exact. At that time they did not say what they say today at least not to me but I do recall telling you that they were a very strong point + to use them to their best advantage because they would erase doubts in anyone should doubts arise. You don't really remember that guy. You were so inundated with your standing ovation and your vote of confidence.

From a room full of  
people you never really  
could believe existed.

People just like you. \*  
CORRECTION

Unfortunately unlike you,  
who was left without  
too much impression of  
the guy who thought your  
eyes were so beautiful.

(How many people have said the  
same thing?)

I felt something that I  
walked away from

Somehow I ~~had~~ knew that  
one day those eyes would  
look at me with love.

\* There is ~~no~~ no one just like you  
Please stay that way

They have, and I am  
glad. Anything that we  
have had has made my  
life more beautiful,  
more meaningful.

What we feel for each other  
changes constantly but for  
some strange reason,  
at least for me comes back  
continually the need for you,  
touching you, holding you,  
loving you. Making love  
to you.

I have actually tried  
to suppress a lot of  
what I feel for you.  
Mainly because I don't

want you to feel tied  
by my feelings.

If only I could know  
that you could accept  
my feelings without feeling  
that you have to be tied  
to them.

I've had a bad scare this  
week but it's OK now

In a way it was good.

What is it ~~is~~ about appreciation

that things have to be  
put into jeopardy before  
you truly appreciate them

I was beginning to think that  
"Oscar" was ~~a~~ useless  
piece of equipment.

I'll never tell you what  
really changed my mind.

I know Veronica that  
there are times ~~that~~  
that I demand or you  
feel that I demand more  
than you can or are  
willing to give in this  
time in your life.

I need a lot of love  
(as you have already I'm  
sure realized) You might  
say He's surrounded  
by people that can love  
him all the time.  
My problem is that I

am very particular  
from whence I receive my  
love.

I ask not for your all  
I ask for what you  
might be able to give.

I hope that come the  
day you can give  
your all that you would  
not feel it necessary to  
take my small part  
from me.

I hope that I have been  
able to help you achieve  
what you are looking for

I believe that where you  
are going is the right place  
for you.

I pledge you my support,  
All the way

I give you my love  
As much as you need.

Dearest Veronica:

Tomorrow is the start of your New Year, Rosh Hashanah. I know that what should be a great celebration, carries a large modicum of sadness because again another first, another celebration that you have always spent with those near and dear to you. Believe me Baby, I hear your loneliness I feel your pain. But, I can not allow you to dwell on the past. I have to remind you that this year you are Veronica. A free spirit, finally out in the world to fulfill all the desires that have remained hidden inside you all the years that you were celebrating your your Holidays in the accustomed manner. How many times in the years past did you wish that you could be Veronica and surrounded by family and friends. I'm sure that this wish entered your mind many times. You have to rationalize, Darling, this is truly a New Year you are even able to look in the mirror and see the person that you wished so many years for standing in front of you, instead of peeking out from inside someplace wishing to dare to show yourself. Wishes and desires are like anything else worthwhile, there is always a price, I'm sure that you just as I often wonder why the price is so high, but it is. Don't keep looking back all the time. Look forward to the day that Veronica and her loved ones will all be celebrating together. That day will come. Have patience, look forward to a new and fulfilling life. It is going to be yours. If it's any comfort to you, I'll try and stick as long as you need me. I will close for now and I will say with love.

IN THIS WORLD THAT'S SO DEVOID OF LOVE. THERE ARE THOSE WHO CAN. WHY DON'T THEY??? I DON'T KNOW, I CAN. I LOVE YOU.

Your friend, room-mate and sometimes lover.

A handwritten signature in cursive script, appearing to read "Jack", written in dark ink on a light-colored background.

Roni:

Thanks for paying me  
back so quickly & thoroughly  
when your moods haven't  
been the best as a result of  
something you might be  
going through. I don't think  
I've ever reciprocated by  
just turning my back on  
you or rejecting you.

I just hope you've been in  
the company of someone  
you wanted to be with.  
Not someone you had to  
force yourself to be with.

Maah

OH GOD, PLEASE LET ME STOP HURTING. BUT, DON'T STOP ME FROM BEING ABLE TO LOVE. IF I CAN'T LOVE, I CAN'T LIVE. IF THE PAIN IS NECESSARY IN ORDER FOR ME TO BE ABLE TO LOVE I CAN LIVE WITH THE PAIN. DO I HAVE TO BEAR THE PAIN FOR ALL THE WORLD??? IF THAT IS YOUR WISH LET ME KNOW. IS MY PAIN STOPPING SOMEONE ELSE FROM HURTING?? GOD KNOWS, I HOPE SO. IF THAT IS SO IT IS ONE MORE JUSTIFICATION TO MAKE IT BEARABLE.

LOVE....LOVE....LOVE. I WILL LOVE NO MATTER WHAT THE COST. LOVING IS PART OF MY BEING LONLINESS IS PART OF MY BEING LOVING IS PART OF MY BEING.

A VOICE SCREAMS AND SCREAMS AND SCREAMS----- STOP STOP STOp Stop Stop  
stop sto st s -----AND THEN SILENCE.... FOREVER.

Well how do you like it now? I changed some of the wording a little, but, basically it's the same. You know, maybe i am lucky that I can write and get it out of my system Writing for me is one of the best releases in the world.. I never needed pressure valves before but, lately since I am capable of so much more emotion than I have ever felt before the valves are definitely needed.

I don't want you to get frantic about the job situation. As i've told you before I'll keep the wolf away from the door to the best of my ability as long as I have to. If I eat kid so do you.

As soon as i get a chance, probably today, I'll get that list of things that I will need help with next week together. It's all little stuff but it is things that I either won't have time to handle or won't be able to put my mind to and still remain at Peak Performance Level for The Inamori. You know by now how much depends on next week and I tank you in advance for any little help you can be.

You'll be fine Sweetheart, and you will find a job. It might not be exacyly what you are looking for right now ,but, remember, one step at a time, one day at a time and on and on . It's slow and tedious but the only way to get to where you have to be. You know, I will do what I can in any way I can.

By the way here's that little poem that I wrote for you a while back and don't remember giving to you.

#### I'LL BE THERE

I talked to you today I heard you say, "Hey, you were there, Thanks.

I wanted you to know, my mind and heart were with you , so you knew.

You felt my strength reach out to hold you so you'd have no doubt or fear alone.

You knew my closeness, held my hand, now maybe you can understand. I can be there for you. It doesn't matter how far away, My mind and heart hold you each day  
So all you ever have to say is "please come and right away"

I'll be there.

Hi Baby:

I'd like to take this moment to Thank you for the opportunity you gave me last night to share your Holy day with you. I feel quite honored, really, that you chose to spend the evening with me and even though I know where your heart really lay in your preference for spending your Holy evening, though you had other options, you chose to spend it with me. Thank you.

( You will have to forgive the mess I'm making, my mind is still awake but my fingers went to sleep about an hour ago.) I think you will be able to understand the thought behind what I'm trying to say if nothing else.

You know, maybe it is good that we don't spend too much time together, and that we don't take our relationship for granted. When we do happen, accidentally, it's always good. I like that concept of us. ( Wow, I'm really ashamed to let you see this, but, it will just have to do until the "real" thing comes along.

I really got quite inspired today, and could probably have written you a really nice letter re: last night. I had the hills I love in front of me, directly to my right, and I was thinking all sorts of good thoughts, but, I was pretty busy and just didn't have time to write. Maybe tomorrow I will have time to write something really appropriate. I will try to any way.

Baby, Talk to me re: Fairchild. I have a screwy idea, but, we'd have to do it either tomorrow or the next day. My Post right now is the Reception Lobby of Employment. "Nuff said"?

I also need to touch bases with you re: next week, a very crucial week in my life. I will need some help, and I want to ask you up front just what you might be able to help me with. "GONNA NEED ALL THE HELP I CAN GET".

I would also like to reserve, if you don't already have plans, some quiet time on Sunday afternoon and evening. By that I'm gonna be as ready for next week as I'm gonna be and the thought of an early dinner kind of feels good. If you would like to indulge me just a little. You know, I'm really not nervous, YET, but the way that Larry and Pat are handling the nervousness factor, I'll probably be a basket case by the time Monday morning comes. Please don't commit yourself to doing this with me unless you really want to. You know how sensitive I am to your vibrations. I'm just trying to say that if this could happen it would really make me happy.

OUCH, it's tomorrow already and I'm not even showered yet, gonna close. Might not wake up when you come home.

Love ya,  
Mark

( DO NOT PAY ANY ATTENTION TO ALL THE TYPO'S, I'M ASLEEP AT THE WHEEL.

IF ONLY PEOPLE WOULD REALIZE THAT THEY NOT ONLY HAVE THE POWER TO GIVE PLEASURE, THEY CAN ALSO INFLICT PAIN.

AND THE CLOSER THE PLEASURE AND THE PAIN COME TO EACH OTHER THE MORE INTENSE THEY MAKE EACH OTHER. IE: IT HURTS ME, I LOVE YOU-I LOVE YOU IT HURTS ME. BUT I AM WILLING TO GIVE UP THE LOVE NOR THE PAIN. WITH YOU THEY SEEM TO GO HAND IN HAND. WHICH IS MORE IMPORTANT? THE LOVE AND IT'S FLEETING MOMENTS, OR THE PAIN, WHICH IN IT'S INTENSITY MAKES THE LOVE JUST THAT MUCH MORE PRECIOUS, MAYBE ONE DAY THIS QUESTION WILL BE ANSWERED FOR ALL TIME. IN THE MEANTIME, MY OWN LOVE MAKES ME HURT AND MY OWN PAIN INCREASES MY ABILITY TO LOVE.

LAST NIGHT WAS SO BEAUTIFUL, THAT TONIGHT HURTS WORSE THAN IT WOULD HAVE HAD IT NOT BEEN FOR LAST NIGHT. BUT, I WOULD NOT HAVE GIVEN UP LAST NIGHT FOR ANYTHING, EVEN IF I HAD KNOWN THAT TONIGHT WOULD HAPPEN. IT IS LIKE A CIRCLE, A NEVER ENDING CIRCLE, WHAT ARE WE WILLING TO EXPERIENCE IN ORDER TO CAPTURE THE FEW FLEETING MOMENTS THAT HAPPEN IN OUR LIVES, THE MOMENTS OF PURE JOY AND SHARING. WHY?? WHY MUST THE PRICE BE SO HIGH?? IT MUST BE THAT WAY, I GUESS, BECAUSE IT MAKES US APPRECIATE SO MUCH MORE.

Oct. 17, 1981

My Darling Baby,

You can consider this a declaration or anything that you would like to, but, it has to be said.

No. 1. SAD it may be but I do love you. There are times that I really wish that I didn't. But..... What can I tell you.

In my everyday dealings with people, I feel no pressure to have to prove myself, other than job-wise to anyone. I react and work with my peers in an entirely satisfactory manner. Unfortunately, when I am around people that "know" I do become super-sensitive, and I guess I feel that I have to over-extend myself to become acceptable in their eyes.

I am no longer going to subject myself to this life-style.

You are welcome to stay in my space as long as the need is there.

You are welcome to be in my space as long as it is mutually agreeable long after the need is gone if it so suits you.

I think that my first negative reaction came up when I ~~request~~ requested that you come outside with me to check the fire. O.K. I, m a big person and I am totally capable of making a judgement of the status of a fire, but, even after you went to get your shoes, Gena said you didn't need to go so you chose not to. You forced me into a position, in order to achieve that which was momentarily important to me, to further pursue the issue and make a second request

Hi:

Would you do me a favor?? I din"t want your friends phone numbers, but it would be nice if you would at least share the Centers number with me. It would have been nice tonight to be able to tell you about the raise I got today atleast over the phone instead of just by note.

I hope that what you said about getting home a little bit earlier tonight than last night isn't really true That could mean another day that I didn't see you if you take into consideration what time you got home last night.

Oh well, See ya whenever.

ME

25 June 81

I look in your eyes, I like what I see?  
There's love and warmth and its meant for me.

I hold out my arms and what do I feel?  
A body that's soft and warm and real.

I reach out for you, we meet halfway  
My space is made into a beautiful day

I let loose my heart, I let it fly free  
I know you will hold it carefully

There's much love inside the two of us so,  
Let's share it for now until you must go.

I'll keep part of you, you keep part of me  
We've enriched each other permanently

The mark that we've made on each others lives  
Won't ever die it will be what survives

25 June 81

You know I'd like to ask you to stay  
But I know I cannot - you must go away

The moments are precious they move much too fast  
Forever and always I will make them last

You'll stay in my heart, you mean oh so much  
I don't think that ever will be out of touch

You're part of me now, you'll be part of me then  
When all life is over, when earth we transcend

Thank you for being the person you are  
You have filled my heart with a bright shining star

This love that I feel is so good and brand new  
I'm glad you're here now I can give it to you

25 June 81

Dear Roni:

It was very quiet at work tonite so I was able to express some of the things that are going on inside me. Since you are the basic inspiration for these my latest scribbles I thought you might like a copy of them. Maybe you can help me title them. I've always had trouble thinking up appropriate titles. So I guess these are just for Veronica with love from Mae

I'm glad that you're around me, I'm glad that you can see, the gentleman inside me the man I have to be.

It takes a special woman to open up the doors, to make him stand up proudly, To give yet even more.

To keep him locked up too long, to never set him free, would be a sin, would damn him through all eternity.

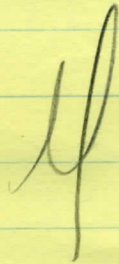

Please help him stay outside, stand where he can see the love you used to break the lock so he can now be me.

He cannot go back in now, Not now, he's got to be He is very vulnerable but he'll fight to remain free

I touch you and your body sings. The feel of you creates huge rings of energy deep in my soul.

The sight of you-my eyes behold such beauty, tenderness and love. I know it travels from above and ~~deep~~ <sup>from</sup> inside me like a glove, surrounds you.

You quiver gently from my hands, I know not how my heart withstands the needs, the wants, the passion there. The knowledge that we two, we care we feel, with such intensity. We are so high we could not be here on this earth. Sublimity like ours could travel only in the stars ~~akin to Jupiter and Mars.~~

Our feet cannot be on the ground in space alone our hearts abound. Not touched by mortals they can't see what we create. Where we can be. No one can share this that we feel. To be alive to be so real. So perfectly our bodies tune we travel out far past the moon.

These feelings always will be there, as long as we can give, can care. A part of me you'll always share. If you need more it will be there. I Love You

Mark

Dearest Roni:

I just talked to you a little while ago and I didn't like the pain I thought I could hear in your voice. I wrote the attached at about midnite tonite

I was outside alone looking at the hills and thinking about this last weekend that we spent together.

It was a wonderful weekend. The things and experiences that we shared were incomparable. I really hope that through our coming lives that we have the opportunity to continue sharing. As I said before I don't ever want us to lose touch. You have touched me and here is the indelible mark of you on my heart.

My Love.

MY BIRTHDAY WISH TO YOU

If all the love in all the world  
could lie here in my hand.  
I'd give it all to you my friend,  
because you understand.

If all the peace the world deserves  
could be here in my heart.  
I'd give it all to you,  
and pray we'd never part.

If all the warmth and tenderness  
I have within my soul.  
Was only mine to give away.  
It would be yours to hold.

If all the laughter, smiles and joy  
were mine to give away.  
I'd give them all to you  
To brighten every day.

But, since I cannot give away  
the things I do not own.  
I give to you that which I have.  
My love, for you, alone.

Dear Daddy,

I'm sorry I haven't written to you in a long time. I just couldn't get myself to write. I just got your letter. We just got back from a trip with Gaga and Papa. Here's a list of where we went: Backersfeld, The Calico Ghost Town, Las Vegas, Hoover Dam, Zion, Bryce, Kanab, The Northrim of the Grand Canyon, The South rim of the Grand Canyon, Kayenta, Mesa Verde, Moab, The Arches National Park, Salt Lake City, Winnemucca, Tahoe, and home. My favorite spots were Zion and Mesa Verde. In Zion the fodge was in the Canyon and we got to look up at the walls instead of down. It was so pretty there we almost wanted to stay. In Mesa Verde the Anasazi Indians lived there from 60 AD to 1300 AD or so, we got to see the cliff dwellings they lived in. Nobody knows what the Anasazi called themselves but the Navaho call them the Anasazis because it means the

ancient ones. They lived a hundred ft. below the top of the cliffs. To get to their houses they climbed straight down the cliffs. Their cities were almost modern brick houses. They were made from stone bricks and stuck together by mortar. Some houses were even up to four stories high. - So much about Mesa Verde.

I never imagined that the Grand Canyon was so big. It's 10 Washington Monuments deep, 8 Golden Gate bridges wide and 100 km. longer than the distance from London to Paris. I like the North side better because it wasn't so commercial as the South.

The rest of the trip was really great but I told you about my real favorites. The only thing bad about the trip was that the car drives were boring. Can you imagine sitting in the car for two to four hours every other day. Papa took slides of the trip so I can't send you

any pictures, sorry, But I hope you like  
the picture of me.

I really have missed you, and I  
hope you have a great summer.

Love

Mark

P.S. You can enter the sweepstakes  
with the two bubble gum wrappers, but  
you better enter soon cause we're running  
out of time, I hope you win.

P.P.S I'll be writing again.

### INTRODUCTION

The interview has been prepared to help this writer tell the story of transexualism. I am not a physician or a clinical psychologist trying to discover the origin of transexualism. Nor am I interested in making judgements about persons being interviewed. I am a writer who happens to feel that the story of transexualism has not been told in a convincing manner. Most everything written on the subject has been written by physicians, psychiatrists, psychologists or sociologists. The only other writing on the subject is in the form of autobiographical accounts by transexuals. While these personal accounts and manuscripts by interested professionals are useful, the persons writing them have invariably narrowed their focus. We all know the condition of transexualism is not just a medical problem, a psychological problem, a social phenomenon or a singular experience. It is all of these and more.

I do see a need for a more general and objective discussion of the subject with the reading public. As a writer, I do not feel constrained by my training nor is this to be a personal account. My training and profession as a writer allows me to cross many boundaries that are closed to others and tell stories from many points of view.

The interview has been prepared to help me broaden the focus and discuss transexualism with the reading public in a way that will demystify it; eliminate the sensationalism and bring it into the realm of respectable reality. It seems to me that only when this is done will the subject be viewed as a condition rather than a sensational sexual abberation, only to be whispered or snickered about. If these goals can be met and people come to understand transexualism as an uninvited dilemma, then a great deal of human suffering by transexuals and their families and friends may well be avoided.
