GENERAL EDITORIAL NOTES

GROWTH

Since the July issue of The Directory our membership has more than doubled -- from 28 to 65. Will you help us double it again by the December issue?

"GUEST CARDS"

To help members help The Directory grow we are willing to supply you free of charge some neatly printed cards to insert in your letters to men and boys, or to hand to them, or if you prefer to wait till Christmas, to insert along with greeting cards. In this case our cards will carry a marginal Christmas design. Christmas will of course be too late for the December issue. Therefore perhaps you will want some of each kind of card. A reply postal is enclosed to cover your request for these cards. The message on the "guest card" will be: "By the way--- I recently joined THE HOBBY DIRECTORY, an association of men and boys all over the United States and abroad. Twice a year the Headquarters issues THE DIRECTORY, listing the names and addresses of members and describing their hobbies. Between these semi-annual issues a supplementary leaflet is issued to include members joining during the intervening quarter. I have found the contacts interesting, and I am glad to recommend THE DIRECTORY to you. Why not write THE HOBBY DIRECTORY, Box 91, So. Orange, N.J. for complete information?"

Be sure to mail your postal card back to us promptly.

MEMBER No. 201. has moved from Vermont to California, but has given us no address.

PLEASE NOTIFY US IMMEDIATELY OF ANY CHANGES IN ADDRESSES.

TRANSLATION SERVICE

We are seeking new members abroad, and if desired, we can furnish translation service so that you can correspond with friends abroad, even if they do not understand or write the same language. We believe this is the first time this has ever been attempted for an association of this kind. If you^{are} interested, write us for further details.

1947 SCHEDULE

Regular issues are scheduled for June 1st and December 1st; supplements March 1st and September 1st. Regular issues will be printed in letterpress style, as was the July issue; supplements by off-set style like this supplement.

PLAN "A" MEMBERS WRITING TO PLAN "B" MEMBERS

Should furnish us with an extra stamp for re-mailing. Since we do not open such mail in forwarding, we suggest you address one envelope to the member desired, seal it and stamp it; and then enclose this in a second envelope addressed to us, which also of course bears the second stamp. Our postage bill is considerable.

POSTAL LAWS

Every member is expected to observe ALL postal regulations in his correspondence. This is IMPORTANT.

HOBBY BUYERS GUIDE

In some future issue we are considering a plan of including in THE DIRECTORY a "Buyer's Guide" -- this would include a list of representative sources of hobby materials. Each concern represented would have a standard space allotted, say one column-inch to describe his wares and would pay for this space. We would appreciate your comments on this plan.

STATES AND CITIES

The membership now embraces 21 states and over 50 localities.

(Turn over the page for some last-minute arrivals: some members whose information forms arrived just as we were going to press.
