Francis J. Curry, M.D.
Director, Public Health
101 Grove Street
San Francisco, Ca. 94102

Dear Dr. Curry:

We are a women's organization concerned with the fair treatment and equitable use of women's talents in the work force. We are informed by one of our members, Denise D'Anne, an employee of the Public Health Department, that she is working out of classification. She also informs us that the Personnel Department of Public Health has indicated it would seek to remedy this situation. It seems Ms. D'Anne is performing the duties of her immediate supervisor, Dr. Henry B. Bruyn. She has administered all the affairs of the Child Health and Disability Prevention program since its inception in October, 1974, while maintaining the status of a steno-clerk.

We are fully aware of Ms. D'Anne's multiple talents and can readily believe that she is being used in a capacity above and beyond her classification without just compensation.

We strongly feel that some action should be taken to rectify Ms. D'Anne's status and that she should be rewarded for her outstanding contribution to the Child Health and Disability Prevention program with a much deserved promotion.

If no action is taken, we shall inform other women's organizations in the area and make public our concerns.

Sincerely yours;

Joyce Maupin
